

KYLEMORE COMMUNITIES CONTINUES SUPPORT OF THE NEW VILLANOVA COLLEGE LIBRARY

Pictured above, the principals of Kylemore Communities, Mr. Pat O'Hanlon (Kelly '09, Christopher '11) and Mr. Frank Spaziani, provide Mr. Paradiso with a donation to Villanova College at the company's annual breakfast.

Kylemore Communities has pledged \$50,000 over five years to support Villanova College's new library (to open September 2009), and in recognition of this significant donation, the computer research lab in the library will be named the Kylemore Communities Computer Research Centre. Villanova College is fortunate to be one of the many non-profit organizations and charities that Kylemore Communities generously supports on an annual basis.

Villanova College is a not-for-profit corporation and is accepting pledges from individuals and corporations for the furnishing of the following new facilities to be added in 2009:

- physics laboratory
- seminar rooms
- indoor running track
- books and furniture for the new library
- general science laboratory
- triple gymnasium
- fitness centre
- trainer's room
